BCA Semester 1 Examination 2025

Model Solutions: 1BCA5 - Communicative English

Session	Paper Code	Time	Full Marks	Pass Marks
2025-2028	111605	3 Hours	100	40

Instructions: Answer any five questions (equal marks). Solutions for all ten questions are given below for practice. Replace the details in [square brackets] with your own details.

Q1. Read the passage carefully and answer the questions

(A) Answers

(i) What is the significance of Library and Information Services?

Library and Information Services play a dominant role in education and in meeting the information needs of society. A library is an instrument of social change, and it helps people, especially the middle aged who need job-related information, to update their skills and knowledge.

(ii) What is the concept of Library now?

With changes in society the concept of a library has changed. Today it is a multimedia centre and a place of learning resources for the literate as well as the illiterate, and it also offers TV and Internet facilities.

(iii) What is the writer's suggestion about opening a library in the rural areas?

The writer suggests an integrated approach: at least one reading room should be started in every hamlet. The Department of Education and Panchayati Raj should co-ordinate to spread the library movement. Schools can serve the common needs of students and public, and in the large building programmes for weaker sections at least one house per thousand houses (or per cluster) should be set aside for library purposes.

(iv) What should be kept in view in setting up a library in a village?

The library should serve the needs of all (students, the old, the young and the middle aged); it should function in the evening hours; a tired (retired) teacher or retired employee can be used to run it; and it should be extended with TV and Internet facilities, as information technology, Internet and e-commerce have great potential in meeting public needs.

(B) (v) Words in the passage with the same meaning

Meaning	Word from the passage
(i) Ability	skills (also: potential)
(ii) Means	instrument
(iii) Present within	integrated (included within a whole)
(iv) Preference	paramount (given the highest priority)

Note: the printed passage has some garbled words, so the matches above are the best fits.

Q2. Write a letter in not more than 120 words to the Mayor giving suggestions on how tourism in your city can be promoted.

[Your Name]
[Your Address]
[Date]

To
The Mayor
[City] Municipal Corporation
[City]

Subject: Suggestions to promote tourism in our city

Respected Sir/Madam,

I am writing to suggest a few ways to promote tourism in our city. First, historical sites and temples should be restored, well lit and clearly sign-posted. Second, an official tourism website and mobile app with maps, hotel details and a festival calendar would help visitors plan their trips. Third, trained local guides, clean public toilets, safe transport and tourist police must be provided. Fourth, annual cultural festivals and food fairs can attract domestic and foreign visitors. Finally, local artisans should be given stalls to sell handicrafts, creating jobs. I am confident that these measures will increase tourist arrivals and city revenue.

Thanking you,
Yours faithfully,
[Your Name]

(Body word count: 104)

Q3. Explain any of the following in approx. 100 words: (a) Cyber Crime (b) Firewall (c) Need of seminar

(a) Cyber Crime (85 words)

Cyber crime is any illegal activity carried out using a computer, mobile or the Internet. It includes hacking, phishing, identity theft, online banking fraud, cyber stalking, spreading viruses and ransomware, and posting offensive content. Its victims lose money, privacy and reputation. In India it is dealt with under the Information Technology Act, 2000. It can be prevented by using strong and different passwords, two-factor authentication, updated antivirus software and firewalls, avoiding unknown links and attachments, and by reporting incidents at cybercrime.gov.in or on helpline 1930.

(b) Firewall (88 words)

A firewall is a security system, in hardware or software, that monitors and controls incoming and outgoing network traffic according to security rules. It acts as a barrier between a trusted internal network and an untrusted network such as the Internet. It blocks unauthorised access, hackers and malicious data while allowing safe communication. Types include packet-filtering, proxy (application-level), stateful inspection and next-generation firewalls. Examples are Windows Defender Firewall and hardware firewalls on routers. A firewall protects, but it must be combined with antivirus software and safe user habits.

(c) Need of seminar (82 words)

A seminar is an educational meeting where experts and participants discuss a particular topic. It is needed because it gives students first-hand knowledge beyond the textbook, improves communication, presentation and critical-thinking skills, and builds confidence in public speaking. It encourages research, teamwork and interaction with subject experts, and keeps participants informed of the latest developments in their field. It also provides networking opportunities and helps in career guidance. For these reasons,

seminars are an important part of modern education and professional training.

Q4. Give a project plan to establish and function a Student Grievance Redressal Committee in your college.

1. Title

Establishment and Functioning of a Student Grievance Redressal Committee (SGRC) in [College Name].

2. Objectives

- To provide students a fair, transparent and time-bound system to express and resolve their complaints.
- To maintain discipline, harmony and a healthy academic environment.
- To prevent harassment, discrimination and ragging, in line with UGC regulations.

3. Composition of the committee

Member	Role
Principal / Vice Principal	Chairperson
Senior faculty member	Convener / Member Secretary
Two faculty members (one woman)	Members
Non-teaching staff representative	Member
Two student representatives	Members
External expert (optional)	Special invitee

4. Scope of grievances

Academic issues (attendance, evaluation, results), fee and scholarship matters, hostel/canteen/transport facilities, harassment or discrimination, library and laboratory problems, and misbehaviour by staff or students.

5. Procedure

1 Student submits a complaint through a drop box, written form or the college website/e-mail (identity kept confidential if asked).

2 The complaint is registered and acknowledged within 2 working days.

3 The committee meets, hears both sides and investigates within 7 days.

4 A written decision is issued within 15 days; urgent cases are handled sooner.

5 If dissatisfied, the student may appeal to the Principal / Governing Body / University within 15 days.

6. Implementation timeline

Phase	Activity	Time
Planning	Approval from the Principal, framing rules	Week 1
Formation	Notification of members and roles	Week 2
Setup	Drop boxes, online form, notice boards, register	Week 3
Awareness	Orientation for students and staff	Week 4
Operation	Regular meetings (monthly) and case handling	Ongoing
Review	Annual report and improvement plan	Every year

7. Resources and monitoring

A room for meetings, stationery and a record register, computer with e-mail ID, and minor expenses from the college fund. The committee keeps confidential records, submits a quarterly report to the Principal, and uses student feedback to measure success.

Q5. Write a letter to the District Magistrate for the encroachment problem of the footpath.

[Your Name]
[Your Address]
[Date]

To
The District Magistrate
[District Name], [State]

Subject: Request for removal of encroachment on the footpath at [Name of Road / Locality]

Respected Sir,

I wish to bring to your kind notice the serious problem of encroachment on the footpath along [Name of Road] in [Locality]. Shopkeepers and vendors have occupied the entire footpath with stalls, goods and parked vehicles.

As a result, pedestrians, including school children, women and elderly people, are forced to walk on the main road, which is always busy. This causes frequent traffic jams and has led to several minor accidents. Rubbish left by the stalls also creates unhygienic conditions.

I therefore request you to direct the concerned municipal and police authorities to remove the encroachment immediately, to fix a boundary for vendors, and to carry out regular inspections so that the footpath remains free for pedestrians.

I shall be grateful for your prompt action in this public interest.

Yours faithfully,
[Your Name]
[Contact Number]

Q6. Rewrite the following sentences into passive voice

Active voice	Passive voice
(a) We are playing football.	**Football is being played by us.**
(b) Who has eaten my mangoes?	**By whom have my mangoes been eaten?**
(c) Let me pay you the fees.	**Let the fees be paid to you by me.**
(d) I have done my work successfully.	**My work has been done successfully by me.**

Rules used: (a) present continuous: is/am/are + being + V3. (b) present perfect: has/have + been + V3; 'Who' becomes 'By whom'. (c) 'Let' sentences: Let + object + be + V3. (d) present perfect: has/have + been + V3.

Q7. Your Department wants to organize an AI Summit. Write an invitation to the IT Minister for the inauguration session of the Summit.

[Department Name]
[College / University Name]
[Address]
[Date]

To
The Hon'ble Minister of Information Technology
[Government of India / State Government]
[Address]

Subject: Invitation to inaugurate the AI Summit [Year]

Respected Sir/Madam,

The Department of [Computer Applications] of [College Name] is organising a one-day **AI Summit [Year]** on the theme *'Artificial Intelligence for a Digital and Inclusive India'*. The summit will bring together researchers, industry experts, teachers and students to discuss the latest developments in artificial intelligence, machine learning and their applications.

It would be our great honour if you could kindly accept our invitation to be the **Chief Guest** and inaugurate the summit. The details are:

Event	AI Summit [Year] - Inauguration Session
Date	[Date]
Time	[10:00 a.m.]
Venue	[Auditorium, College Name]

Your presence and inspiring address will motivate our students and enhance the importance of the event. We shall be grateful if you could confirm your acceptance at your earliest convenience. We look forward to welcoming you.

With warm regards,
Yours sincerely,
[Name]
Head of the Department / Convener, AI Summit
[Contact details]

Q8. Write a letter to the Principal for the establishment of a Digital Library in your college.

[Your Name]
[Class / Course], [Roll No.]
[Date]

To
The Principal
[College Name]
[City]

Subject: Request for establishment of a Digital Library in the college

Respected Sir/Madam,

With due respect, I wish to request you to establish a Digital Library in our college. Our present library has limited copies of books and journals, and many students, especially in BCA and other professional courses, need current e-books, research papers and online study material.

A digital library with computers, high-speed Internet and subscriptions to e-journals, NPTEL/SWAYAM resources and the National Digital Library of India would allow students to study anytime, save time and money, and keep up with modern technology. It would also help teachers in preparing notes and in research work.

I request you kindly to consider this proposal and take the necessary steps. Students will be glad to cooperate in its setup and maintenance.

Thanking you,
Yours obediently,
[Your Name]

Q9. What is communication? Discuss various kinds of communication.

Meaning

Communication is the process of exchanging information, ideas, thoughts and feelings between two or more persons through a common system of signs, words or actions. The word comes from the Latin *communicare*, meaning 'to share'. Communication is complete only when the receiver understands the message.

Elements of the communication process

Sender, message, encoding, channel (medium), receiver, decoding, feedback and noise (any barrier that distorts the message).

Kinds of communication

Basis	Kind	Description and examples
Medium	Verbal - oral	Spoken words: face-to-face talk, phone call, meeting, speech.
	Verbal - written	Letters, e-mail, reports, memos, notices, messages.
	Non-verbal	Body language, gestures, posture, facial expression, eye contact, tone of voice, signs, symbols.
Formality	Formal	Follows official channels and rules: office orders, circulars, reports.
	Informal (grapevine)	Casual and unofficial: talk among friends and colleagues.
Direction (in an organisation)	Downward	Superior to subordinate: instructions, policies.
	Upward	Subordinate to superior: reports, feedback, suggestions.
	Horizontal / lateral	Between people at the same level.
	Diagonal	Between people at different levels of different departments.
Number of people	Intrapersonal	Within oneself (thinking, self-talk).
	Interpersonal / group	Between two persons or in small groups (discussion, interview).
	Mass communication	To a large audience through TV, radio, newspapers, social media.

Q10. Impact of gesture and posture in daily organizational life.

Gestures (movements of hands, head and face) and posture (the way a person sits, stands or walks) are important parts of **non-verbal communication**. Studies suggest that a large share of the message is conveyed through body language, and it strongly shapes how a person is judged in an organisation.

Impact of gestures

- A firm handshake, a smile and eye contact create a good first impression and build trust.
- Nodding shows agreement and active listening; hand movements support and emphasise the spoken message.
- Negative gestures such as pointing fingers, fidgeting, checking the phone or avoiding eye contact show lack of interest, nervousness or disrespect.

Impact of posture

- Straight, relaxed posture with shoulders back shows confidence, honesty and alertness in interviews, meetings and presentations.
- Slouching, crossed arms or leaning away can suggest boredom, defensiveness or a negative attitude.
- Leaning slightly forward shows interest; sitting upright shows respect to seniors and clients.

Positive body language	Negative body language
Eye contact, smile, open palms	Looking away, frowning, closed fists
Upright and relaxed posture	Slouching, leaning on the desk
Nodding and attentive listening	Yawning, tapping the foot, checking the phone

Conclusion: In daily organisational life, appropriate gestures and posture improve teamwork, leadership image, customer relations and interview success, whereas careless body language can lead to misunderstanding. Words and body language should always match each other. Note that the meaning of gestures can differ between cultures.
